Soak up the season: AAVA highlights sports and recreational facilities for summer

As the summer season sets in, AAVA is placing the spotlight on its sports and recreational facilities to encourage residents to take full advantage of the village's shared spaces for wellness, leisure, and community engagement.

With warmer days ahead, sports and recreational facilities are seeing renewed interest from residents looking to stay active or simply enjoy time outdoors.

Gather up the team at Cuenca Court and Field

Among the most utilized is the Cuenca Court, open daily, except Mondays, from 6 am to 10 pm, which accommodates basketball, badminton, pickleball, and volleyball. The court continues to serve as a central hub for both organized sports and casual play, particularly during the summer months. It is available for resident reservations for organized sports events and can be booked online via portal.aava.com.ph.

Cuenca Field, also open Tuesdays to Sundays, from 6 am to 10 pm, provides an open, flexible space for football, ultimate frisbee, and fitness activities. It has also become a popular venue for early morning exercise sessions and small group activities, offering residents a versatile outdoor option.

Keep cool at San Juanico Pool

Open daily except Tuesdays, from 6 am to 7 pm, the San Juanico Pool remains a key destination within the village. It's a go-to spot for summer refreshment among residents. The pool facility continues to host family outings, children's swim activities, and small private gatherings.

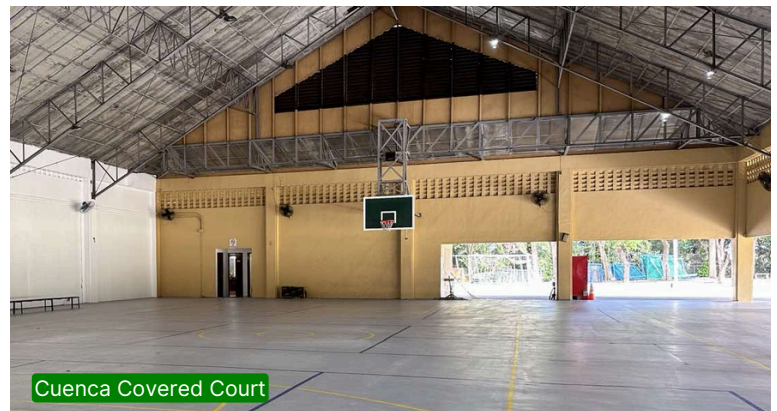

Perfect your practice at San Juanico Tennis Court

The San Juanico Tennis Court supports a steady stream of players ranging from beginners to experienced enthusiasts. Open from 6:00 am to 9:00 pm, the court is frequently used for practice sessions, friendly matches, and seasonal lessons, particularly among residents looking to stay active during the break. Residents can book slots for scheduled games and small activities through the online portal at portal.aava.com.ph.

Green spaces, breathing spaces

Across the village, AAVA's network of parks offers an alternative setting for those seeking a more relaxed pace. These garden spaces continue to provide safe and accessible areas for jogging, walking, picnics, and informal gatherings, further supporting the community's emphasis on health and well-being.

As AAVA continues to promote active living and community interaction, its sport and recreational spaces play an important role in shaping a vibrant and connected village life. For inquiries, residents may contact CERD – Sports and Facilities at 8809-2282.

Reinforcing disaster preparedness in the workplace and community

In line with its continued commitment to safety and preparedness, AAVA conducted an earthquake drill last Friday, March 13, reinforcing the importance of readiness both in the workplace and within the community.

At 3:30 pm, the emergency alarm sounded across the AAVA office premises, prompting employees, clients, and visitors to immediately carry out the “duck, cover, and hold” protocol. Once the simulated shaking subsided, all occupants calmly proceeded to the designated emergency assembly area at the AAVA parking lot.

The drill was led by the AAVA Security Department under the guidance and supervision of Village Manager Manny Adizon. Participants were reminded of key safety practices, including proper hand placement to protect the neck during evacuation, ensuring that all team or household members are accounted for, and the importance of keeping a pre-packed go bag ready for emergencies.

Through initiatives such as this, AAVA continues to strengthen disaster preparedness and promote a culture of safety. Regular drills play a vital role in ensuring that the organization and the community remain alert, responsive, and ready in the face of potential emergencies.

SSS hosts Kasambahay Caravan in Ayala Alabang Village

The Social Security System (SSS) successfully concluded its 2026 Kasambahay Caravan at Ayala Alabang Village last March 22, held at the AAVA Office lobby.

The whole-day, on-site program brought essential SSS services closer to the community. Kasambahays and their employers were able to complete SSS registration, receive assistance in setting up and navigating their My.SSS online accounts, and access guidance on a wide range of SSS services. By gathering these services in one convenient location, participants were able to efficiently accomplish multiple transactions.

During the event, SSS recorded a total of 43 member transactions and 123 other service-related transactions, highlighting the strong turnout and the community's active engagement.

AAVA continues to strengthen its partnership with government agencies such as the SSS to ensure that vital services remain accessible to all members of the AAV community, including household help.

New dining destination just outside the Village

If you're in the mood to try something a little different, a new restaurant just outside the Village is quietly making its mark. Nipona offers a thoughtful blend of Japanese and Spanish flavors, adding a fresh option to the growing dining scene in the Ayala Alabang area.

Located in Madrigal Business Park, Nipona officially opened its doors last March 19 as a Japanese-Spanish café restaurant. Its menu brings together a mix of tapas, sushi, salads, and hearty mains alongside a selection of signature cocktails, mocktails, and coffee.

The space itself is designed to feel warm and easygoing, complemented by music that rounds out the overall dining experience.

With its combination of global influences and a relaxed, contemporary atmosphere, Nipona offers a welcoming setting for both casual meals and unhurried evenings with friends.

COMMUNITY UPDATES

RA 12001 (RPVARA) Real Property Valuation and Assessment Reform Act update:

BAA files resolution O3-04 Series of 2026 in response to the public consultation With Mayor Biazon and City Assessors.

Summary of Resolution No. 03-04 (Series of 2026)

The Barangay Council of Ayala Alabang is asking the Muntinlupa City Government and Assesors to review the proposed increase in property values used to compute real property taxes under the RPVARA law.

The barangay believes the proposed property values is too high and may not reflect the current real estate market.

Property prices previously increased because of the POGO boom, but many POGO companies have already left, which has weakened the property market.

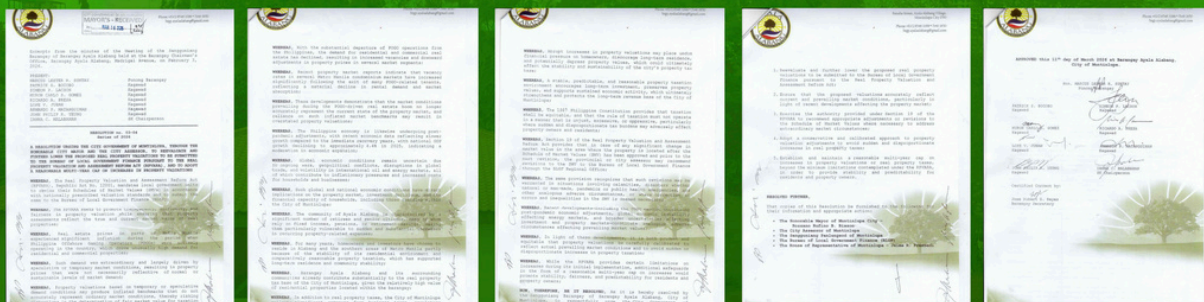

Many residents in Ayala Alabang are retirees and families on fixed incomes, so sudden increases in property taxes Will create financial difficulties.

The barangay is requesting the city to:

- Reevaluate the proposed property values
- Ensure values reflect current market conditions
- Avoid sudden large increases in property taxes
- Consider capped increases which is stated in the Law for the 1st Year of implementation and further setting a cap for the following Years.

Goal:

To ensure property taxes remain fair, reasonable, and manageable for constituents.
