AAVA, Barangay bring community concerns to the table at *Pulong-Pulong*

AAVA and Barangay Ayala Alabang came together on October 3 for a joint town hall meeting, *Pulong-Pulong*, held at the Barangay Community Center to discuss issues and concerns affecting the village and explore ways to address them together.

The meeting was initiated by Barangay Ayala Alabang (BAA). It was led by AAVA President Edgardo Sevilla and BAA Chairman Doc. Lester Suntay. Also in attendance were members of the BAA Council, the AAVA Board of Governors, and the AAVA OIC Village Manager.

Representatives from various city and government offices were also invited to respond to concerns within their respective areas of responsibility. These included the Department of the Interior and Local Government (DILG), Bureau of Fire Protection (BFP), Office of the City Veterinarian, Social Services Department, Maynilad, and the Metropolitan Waterworks and Sewerage System (MWSS).

Among the issues discussed were road safety, village security, Maynilad water concerns, street children around the village, construction-related matters, animal concerns including the growing squirrel population, garbage management, mental health, and the use and management of sports facilities and organizations within the village.

AAVA, Barangay bring community concerns to the table at *Pulong-Pulong*

(continued from page 1)

The joint meeting provided an opportunity for AAVA, the barangay, and concerned government agencies to hear community concerns, share information, and discuss possible areas of coordination.

For AAVA and the barangay, continued dialogue creates a channel for working together on concerns that affect residents and for keeping community needs at the center of discussions and future initiatives.

PRESIDENT'S CORNER

Getting things moving

The President's Corner is back!

This column will allow us to give you a glimpse of what happens during the Governor's Service (GS) Rounds: the concerns that are being attended to, the projects that are being planned, and the actions that are being taken. Here are the events of the past week.

AAVA Concerns:

1. Improving and maintaining village facilities
Our daily GS rounds take us around the village to evaluate and monitor the status of our parks, public areas, and toilets. Among the work done this week were:

- Cleaning of the pavers at Ma. Cristina Park, as requested by the Qi Gong group
- Ensuring adequate cleaning supplies for the maintenance of public toilets by City Services
- Repainting of the toilets at the Seniors' Park
- Finalizing the design of new toilets for the Cuenca Basketball Court
- Cleaning of the Garden Club area at the AAVA Office
- Sprucing up the planned San Juanico Park site for the upcoming Plant Sale of the Garden Club

2. Ayala Alabang Picklefest
Attended the launch of the Picklefest on Saturday, September 26, 2026, and met with their leaders regarding the possible creation of dedicated pickleball courts in the village.

3. Garbage Management
Met with the garbage collection providers to discuss options and possible solutions to the current costing issues. Gov. Ruben Baes and I also met with incinerator and waste compactor providers in an effort to explore alternative options for waste disposal.

4. Coordination with other village associations
Met with the president of the Federation of Village Associations (FOVA) and agreed to cooperate with efforts to bring together all FOVA members for a meeting within the month.

5. Meeting with District 2 residents
We thank Gov. Nap Micaller for organizing a meeting with District 2 residents, giving them an opportunity to raise their concerns.

Projects in partnership with BAA:

1. Underground Cabling Project
We met with representatives from Globe, Smart, PLDT, and Converge to resume the discussion on the stalled underground cabling project.

2. Transportation
We met with parties who are interested in improving the e-trike services in the village.

There is still much to be done, and we will continue to listen to the concerns and suggestions of our neighbors. This AAVA Board, our AAVA staff, the Barangay leadership, and other concerned groups will continue to work together as we try to address these concerns and find practical solutions for our community.

Gary Sevilla, MD
AAVA President

AAVA Board holds first meeting, takes up initial priorities

The AAVA Board of Governors held its first board meeting on September 30, where the Board worked through initial organizational matters and began coordinating priorities.

All district governors and the Auditor General attended the meeting, led by AAVA President Edgardo Sevilla.

District 1 Governor George Chua also attended the meeting following the resolution of the protest filed against the District 1 election result. In a letter dated September 28, NOMELEC reaffirmed its proclamation of Governor Chua as the winner of the election.

AAVA Go

Among the matters discussed during the meeting was the transition from the AAVA Life app to AAVA Go.

The Board unanimously approved the discontinuation of the AAVA Life app. In its place, AAVA will introduce AAVA Go, an in-house system developed and managed by the AAVA Management Information Systems (MIS) Department. The system is intended to facilitate smoother entry to the village gates for residents' guests and visitors.

AAVA Go will first enter its soft launch phase, during which residents with an existing AAVA Portal account will be able to create QR codes for their visitors.

The current Zing system will continue to be available as AAVA Go is introduced.

Official communication channels

The Board also determined the association's official communication channels to provide residents with established platforms for receiving information and reaching AAVA.

These channels are the AAVA Cares Facebook Group and Viber Channel, email at wecare@aava.com.ph, and the official website aava.com.ph. AAVA's trunkline is 8809-2282.

AAVA reports 2025 security expenses

Security is a major part of AAVA's day-to-day operations. As part of its 2025 financial reporting, AAVA is sharing with members the costs of maintaining security services in the village.

Finance Department records show that total security expenses for 2025 amounted to P85,995,039. This covers both internal and external security services.

AAVA's security operations are supported by two security teams: one assigned to security within the village and another responsible for the gates and perimeter.

The internal security team, Bulldog Security, has 62 personnel. 32 of whom are assigned to the day shift, while 30 cover the night shift. The team handles regular patrols within the village, monitors internal areas, and responds to security concerns involving residents and properties.

The external security team, 8 Arms Security, has 67 personnel. 42 of whom are assigned to the day shift, while 25 are night-shift personnel. The team is assigned primarily to the village gates and perimeter, where they manage the entry and exit of residents, visitors, and vehicles and help monitor access to the village.

The security expenses are part of AAVA's overall operating costs for the year. Sharing these figures gives members a clearer picture of the costs involved in providing security services and maintaining the day-to-day operations of the village

AAVA Security responds to vehicle fire in District 6

AAVA Security responded to a vehicle fire in District 6 in the early evening of September 24.

Security received a report of the fire at around 5:35 p.m. Within minutes, the first response team arrived at the scene and began containing the flames using fire extinguishers. A second security team arrived at around 5:41 p.m. to assist with water, followed by a third team at around 5:43 p.m. to conduct an on-site assessment.

The Bureau of Fire Protection (BFP) arrived at approximately 5:51 p.m. and declared the fire out.

The fire was contained to the vehicle, with no injuries or damage to surrounding structures reported.

The cause of the fire remains under investigation.

AAVA Security reminds residents to observe appropriate fire-safety precautions, whether at home, around their properties, or while using their vehicles. Residents are also encouraged to remain alert to potential fire hazards and to report fire incidents promptly.

In case of fire or other emergencies, residents may contact AAVA Security at 8842-1111 or 8842-2222.

AAVA Security looks at solutions to ease traffic at Acacia Gate

AAVA Security is looking at possible measures to address traffic congestion at the Acacia Gate, particularly during peak hours.

One of the factors contributing to the congestion is the mandatory manual scanning of identification cards for incoming construction workers, motorcycles, and e-trikes at the access control point. The process can create bottlenecks and result in vehicle queues that, at certain peak hours, extend toward Daang Hari main road.

The volume of motorcycles and e-trikes around the gate can also obstruct the right-turn lane, while the resulting congestion and overcrowding around the gate perimeter may increase the risk of vehicular and pedestrian accidents.

To help reduce road obstructions and improve traffic movement, AAVA Security is recommending several measures, including prohibiting indiscriminate parking around the Acacia Gate, re-establishing designated motorcycle parking approximately five meters from the

scanning booth, maintaining sufficient clearance for incoming vehicles, and reviewing the current ID scanning procedures to help optimize traffic flow.

The proposed measures are intended to improve the movement of vehicles and pedestrians around the gate while maintaining necessary access control and security procedures.

Residents may report traffic-related hazards or other emergencies to AAVA Security at 8842-1111 or 8842-2222.

Pets and families gather for Feast of St. Francis blessing

The parish of St. James the Great Alabang held its Blessing of Pets on October 4 in celebration of the Feast of St. Francis of Assisi, bringing parishioners and their beloved animal companions together for a special community tradition.

The blessing was held at the grotto after the 8 am, 11:30 am, and 4 pm Masses and was presided over by Fr. Steve Villanueva, Fr. Rodel Paulino, and Fr. JV Acosta.

St. Francis of Assisi is known as the patron saint of animals and ecology. The blessing recognizes the special place that pets hold in the lives of many families, offering an opportunity for pet owners to give thanks for the companionship, affection, and joy their animal companions bring into their homes.

For the families who brought their pets, the occasion was also a chance to gather with fellow parishioners and celebrate a shared appreciation for the animals that have become an important part of their lives.

The Blessing of Pets continues a meaningful tradition of bringing faith, family, and community together in honor of St. Francis of Assisi.
